Audiology Corner:

LETTER FROM DR. DOSS

I am so excited to be able to offer exemplary hearing healthcare in two convenient locations in the greater San Antonio area! With two offices it is getting difficult for me to personally see everyone for their visits. I take great care to build an amazing team of hearing professionals and audiologists that are more than qualified to address all of your hearing needs! I love seeing you all and developing relationships beyond hearing tests and hearing aids. I have the best job in the world because I get to help people hear better, but also hear about all of your vacations, promotions, grandkids, and life events. While I travel back and forth between offices, you can always make a special request to see me, but if you happen to get another provider please know that they are just as dedicated to helping you “hear what everyone’s talking about” as I am!

Ask the Expert:

RECHARGEABLE HEARING AIDS

Doss Audiology now has reliable lithium-ion rechargeable hearing aid options available! How should you decide if rechargeable solutions are right for you?

Features of Rechargeable Hearing Aids:

- Easy solution for patients with poor dexterity or vision
- Up to 24 hours of continuous use (even with streaming)
- Quick charging time
- No need to change hearing aid battery every week

Other Considerations:

- Need to travel with hearing aid charger
- More limited product and technology offerings
 - Not available in all styles
 - Not available in custom hearing aids
- Slight upcharge compared to standard battery devices

If you would like to discuss rechargeable hearing technology, give us a call to set up an appointment!

**If you are currently wearing hearing aids with standard batteries, they cannot be converted to lithium-ion rechargeable.*

GO GREEN WITH DIGITAL NEWSLETTERS

In an effort to make a positive environmental impact on the planet, Doss Audiology offers an eco-friendly, paperless version of our quarterly newsletter. If you would like to go paperless with Doss Audiology, please contact our Schertz (210-819-5002) or Floresville (830-542-8957) location to sign up for our electronic option.
