Giving Reviews Has It Perks

Doss Audiology would love for you to share your experiences with our audiologists and staff. If you have a moment, please consider posting an online review on one of our social media pages such as Google, Yelp, or Facebook.

Help us spread the word about the great products and services offered by Doss Audiology! As an added perk, each online review will enter you in a monthly drawing for a \$50 Starbucks gift card.

Be a part of what everyone's talking about today!

Doss Audiology is proud to announce our 3rd year serving the community. We continue to strive for excellence through providing the best customer service and technical expertise in the area. We achieve this through extensive product and front desk training throughout the year. By doing so, you can always rest assured that you will receive nothing but high quality hearing healthcare now and for years to come. Thank you for your ongoing support. It is a privilege to care for Schertz and the surrounding areas.

Sincerely,

Dr. Phallon Doss and the Staff of Doss Audiology

Stream Live TV Audio to Your Hearing Devices with Tunity

Doss Audiology & Hearing Center is proud to announce that most of our hearing aids are now compatible with the Tunity app. Tunity brings the sounds of your favorite TV shows directly to your hearing aids wherever you go, even if the program is muted. To use this app, you simply download it and scan your TV. The app will locate the channel and stream it directly into your hearing aids. Tunity links directly to Made for iPhone hearing aid models. It also connects to most other hearing aids through their Bluetooth streaming accessory (Com-Dex, Surflink Mobile, Phone Clip, etc.) This app is available in both the Apple and Android App stores **FOR FREE!** Download the app today!!

Call our office at 210-819-5002 with any questions about the app, or drop in any time for a live demonstration.

Dr. Doss in UNT Alumni Magazine

Dr. Doss continues to bring technical expertise and notariety to the Schertz community. This summer Dr. Doss had the honor of being featured in The North Texan. This is the official alumni magazine of the University of North Texas (UNT). The story highlighted successful graduates of the Speech and Hearing Department.

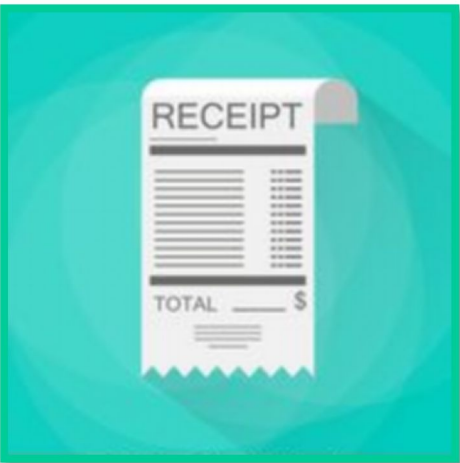

While attending UNT, Dr. Doss was named the Outstanding Doctoral Student- Audiology and conducted research and beta trials of new hearing aid technology for major hearing aid manufacturers.

She has since put her education and training to use in the Schertz community and couldn't be happier! You can read the full article online at [www.http://northtexan.unt.edu/](http://northtexan.unt.edu/) or stop in our office to check out a copy in person.

Getting Hearing Aids is Worth It! The Value of Your Purchase

Included With Your Hearing Aid Purchase*:

Unlimited Office Visits: At Doss Audiology we strive to make sure that you are comfortable not only with your purchase, but with the sound quality of your devices. We will make any necessary adjustments to make sure you are getting the most out of your hearing aids. From our helpful front desk staff to our at-your-fingertips scheduling options through Everseat, we aim to please!

Battery Club: Also with your purchase, you will receive enrollment into our battery club. That's right, you receive complimentary batteries for the life of your device! Just pop in every 6 months for your professional hearing aid cleaning to receive your batteries!

Worry-Free Warranty: Each hearing aid comes with up to 3 years of manufacturer warranty that covers most repairs. If the hearing aid is lost or broken beyond repair, there is also coverage for a one-time loss and damage replacement of your hearing aids after satisfying a small deductible.

Exemplary Patient Care: Dr. Doss and the staff at Doss Audiology are always available and happy to help with any of your hearing care needs.

* Unlimited visits and battery club do not apply to hearing aids purchased through DARS, TruHearing, HearUSA, HearPO, Amplifon, EPIC, or other third party plans.

Five Minute Rule Will Increase Battery Life

We are always researching new ways for our patients to get the most out of their hearing aid batteries. Since hearing aid batteries are air activated, we have been encouraging our patients to wait a minute before placing them into their devices. Research now shows that waiting up to five minutes before placing your battery in your device can significantly increase your battery life.

For more information about your batteries, or the Five Minute Rule contact our office at 210-819-5002.
